Exhibit 57

1-to 4-Unit Property Approved Expense Amounts

Effective 08/09/2023

This exhibit:

- Provides the approved Expense Limits, as that term is defined below, for the preservation and maintenance of abandoned properties
- Identifies proper usage of approved Expense Limits
- Outlines both yard maintenance and winterization requirements
- Explains the proper usage of miscellaneous expenses listed under the "Deed-in-Lieu and Other" expense category. Expense Items within this category are *not* restricted to abandoned properties.

Key Terms

Expense Code	The identifying six-digit number, within PAID (Payments Automated Intelligent and Dynamic) (see Exhibit 88, Servicing Tools), for each Expense Item.
Expense Item	The designated name, within PAID, for a given expense type.
Description	A brief description of the Expense Item and an overview of the Expense Item's proper usage.
Unit Price	The acceptable per unit cost for each applicable Expense Item. Servicers must comply with unit pricing guidelines when completing preservation work; unless the Servicer determines, after having secured a comparable second estimate, that the needed preservation work cannot be completed within the defined Unit Price limit. The Servicer may then proceed with completing work without seeking Freddie Mac approval if the lesser of the two estimates is within the applicable Expense Limit. The Servicer must retain both estimates in the Mortgage file. (The second estimate may be one generated by an industry accepted Cost Estimator.)
Expense Limit	The dollar amount within which the Servicer may complete needed work without seeking written pre-approval from Freddie Mac via PAID. Any work completed within the Expense Limit must also comply with the Unit Price requirements outlined above.
